

# The only **corporate card** built for NFPs and charities

Loved by Australia's most trusted NFPs and charities

## Issue unlimited virtual corporate cards instantly

Issue every staff member with their own virtual corporate card without any paperwork, bank visits or personal guarantees. Say goodbye to reimbursements, Load and Go cards, card sharing, petty cash and bank transfers.

## Control every dollar spent

Create spending rules to restrict merchants and transaction amounts and stay in control of donor money. Track every dollar spent by client, project or individual with real-time budgeting and a transaction feed. Pause cards at any time with a single click.

## Build your own automated expense report

Fulfill your reporting obligations by building a custom expense report. Weel automatically fills staff member's expense reports with accurate merchant data, GST, and GL codes, saving hours every week.

## Works seamlessly with all accounting software

Integrate in a few clicks, watch as transactions and receipts are automatically imported in real-time.

**Andrew Haynes** C3 People

"Weel has been awesome for the teams I'm working with. Having corporate cards issued to team members was such a long & tiresome process before. Not to mention the number of paper forms we had to fill out. Trying to track down the signatories is nearly impossible when you are working with a remote & distributed team."
