Australian businesses

# What is a virtual corporate card?

Instantly pause and issue cards

Protected by Mastercard, Apple Pay and Google Pay's fraud systems.

Pay online or instore with your phone.

No time consuming paperwork or bank visits needed to issue cards.

## How does it work?

Weel's virtual cards work the same way plastic cards do, the only difference is that the virtual cards live on your phone instead of your wallet. The Weel virtual Mastercard is a reloadable prepaid card that can be used anywhere online or in-store that Mastercard is accepted. To use your Weel cards you need to first have funds available in your Weel account.

### No paperwork or bank visits

Issue, pause or cancel cards in a couple of clicks without any paperwork or bank visits.

### No card sharing

Get unlimited cards and stop tracking down who borrowed the boss card last.

### No staff reimbursements

Stop using personal cards and eliminate financial stress and unnecessary process.

# Easily integrate, import and sync transactions

## Integrate in a few clicks

Integrate your accounting software without the need for a technical consultant.

## Sync in real-time

Transactions will push into your accounting software the moment a payment is made with receipts attached.

## Code Against your GL

Your GL Codes and tracking categories will automatically import into Weel ready for coding.

New

## Automatic Bill Payments

Extract, code, approve & pay bills from one place. Automatically

Supplier	Status	Category	Schedule date	Amount
MixPanel	Ready for Payment	Subscription		\$5,000.00
SendGrid	Ready for Payment	General Expenses		
Cool Supplies Store	Ready for Payment	Subscription		
MixPanel	Ready for Payment	General Expenses		

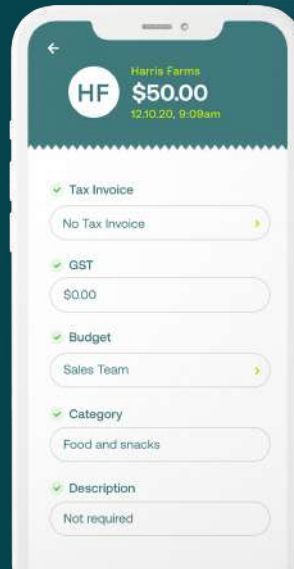

# Our mission

## We work with your accounting software seamlessly

Integrating Weel with Xero, MYOB or Quickbooks eliminates manual data entry by automatically importing all transactions into your accounting software for you.

## Join Australia's businesses

**Control  
spending before  
it happens.**

**Automate  
your expense  
management**

**No more chasing  
paperwork from  
staff**

## Client Spotlight

### Michael Hill

Michael Hill saves 870 hours of in-store expense admin with Weel.

“With the support of Weel’s implementation team, we rolled out 200 virtual Mastercards in the first day and Weel support handled all questions as they arose.”
